RE: Notice of Violation # 723877

Dear Mr. Vanek:

The Maricopa County Air Quality Department Enforcement Division has received a case report on the above referenced Notice of Violation.

Arizona Revised Statute § 49-513 provides authority for the Maricopa County Air Quality Department to seek statutory maximum for all alleged violations and to recover penalties of up to \$10,000 per day per violation of air quality requirements set forth in Title 49 of Arizona Revised Statutes and Maricopa County Air Pollution Control Regulations.

Enforcement calculates penalties in accordance with the Maricopa County Air Quality Department Violation Penalty Policy. The policy was established to ensure that penalties are developed in a consistent manner utilizing factors listed in Arizona Revised Statute § 49-513, and is based on the EPA Clean Air Act Civil Penalty Policy.

The Enforcement Division would like to extend to you the option of resolving your case by mail. Based on the facts of your case, we have determined a total penalty amount of **\$280.00**. Please find enclosed photocopies of your Notice of Violation, as well as other supporting documents. The Order of Abatement by Consent (OAC) illustrates the penalty amount as well as a payment due date of **March 10, 2011**. If you are interested in settling this matter via mail, **please review and sign the included OAC, and return the original copy promptly upon signature.**

If you believe there is additional information that should be considered with regards to the penalty calculation, please submit your position in writing to the Enforcement Officer listed below within **ten (10) working days** of receipt of this letter. Include in your response relevant information such as why the violation occurred, what control measures were implemented before and after the violation was issued, preventative measures and records/receipts supporting your position. The Enforcement Officer will contact you after reviewing the response, and if deemed appropriate, offer a recalculated penalty amount.

Revisited the site with Frank Ruiz from Hickmans Egg Ranch Inc. on 11 Feb 11 from 9:00am - 12:00pm to verify equipment.

R200 S301:

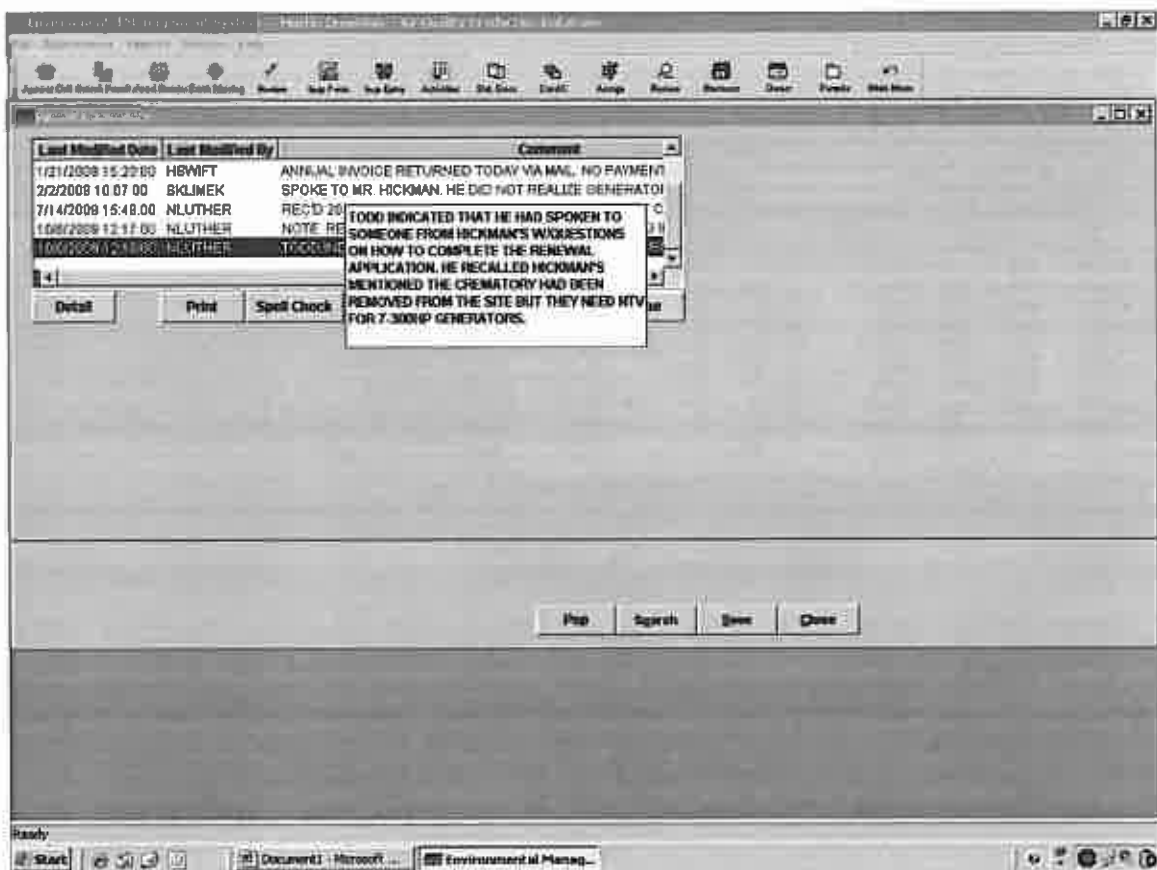

- Permit 040136 expired on 28 February 2010
- Per EMS Permit Comments on 06 October 2009, MCAQD Permit Engineer Todd Martin informed a Hickmans representative that a Non-Title V permit renewal was required for the seven (7) - 300 horsepower generators (see Screen Shot #1)
- At time of inspection, permit fees were up to date (see Screen Shot #2), but a renewal application was not on file
- This violation was issued because Hickmans did not have a permit, and the following equipment was found to be on site at time of inspection:
  - One (1) Crematory: disabled via removal of burner and fuel source (propane tank)
  - Eleven (11) Onan diesel generators: varying horsepower (see "Generator Info" attachment for specifics)
  - Six (6) Katolight diesel generators: varying horsepower (see "Generator Info" attachment for specifics)
  - Two (2) Katolight diesel generators: 370 horsepower will be added at a later date per Tom Vanek
  - One (1) 500 gallon unleaded gasoline above ground fuel tank (see "Throughput Records" attachment)
  - Per Tom Vanek, the fuel tank has a capacity of 500 gallons
  - The "Throughput Records" attachment suggests that the fuel tank may be greater than 500 gallon capacity (specifically 05 and 31 March 2010; 02 June 2010; 24 November 2010)

Mr. Brian Housley  
Maricopa County Air Quality Department  
1001 N. Central  
Suite 600  
Phoenix, AZ 85004

Dear Mr. Housley,

It appears that we have sent two "Notifications of Minor Modifications" to you in response to the notice of violation you issued. Luckily, if I can use that word to describe an error on our part, the one was accompanied with a check for the wrong amount. It was returned to me today. I sent in a second one with not only the correct dollar amount but also a more complete listing of the equipment to be added. I am attaching copies of both.

I apologize for any confusion this has and will cause. Hopefully, the one signed by me has been received and recorded and all is well. The one returned hopefully has not been recorded in any way and can therefore just be ignored.

Please let me know if I need do anything else to clear up this mess I have caused. Thanks for your help.

Sincerely,

Jim Manos
